

People for Bees

Community Bee Monitoring Workshop

Location: Castleconnell, Co Limerick

Date: 8th April, **Time:** 11:00 – 15:00

Venue: ACM Castleconnell

This workshop will provide training in bee identification, surveying and recording techniques. It will consist of an indoor presentation and an outdoor practical session at a nearby wildflower habitat. This is a beginner's level workshop. It will introduce you to the fascinating world of bees and the importance of bee monitoring in Ireland. This workshop is ideal for community groups such as Tidy Towns.

Booking is essential contact us at conservation@iwt.ie for booking
